## READING RESOURCE

ICS' Reading Resource Program provides intervention to students who need assistance in reaching grade level reading and writing benchmarks. Students meeting in smaller groups allow for more individualized attention and prompt feedback, reinforcing and supporting skill development.

### WHAT SKILLS ARE STRENGTHENED IN READING RESOURCE

Students engage in 30 minutes of resource a day/2x's per week with emphasis on sight words, writing, letter identification and sound standards.

Students are seen 5-days per week focusing on reading, phonics, spelling and writing.

Students meet 5-days per week, and engage in reading, spelling, reading comprehension and word decoding.

Students participate in resource 5-days per week, concentrating on spelling, reading comprehension, writing fluency and decoding of multi-syllable words.

Students meet 5-days per week, to strengthen letter formation, letter application, spelling, spelling application, reading comprehension, oral reading, paragraph writing, creative writing, punctuation, vocabulary, grammar and phonics.

Students convene 5-days a week, to better understand oral language, comprehension, spelling, grammar, English writing and application, vocabulary concepts and application.
